On April 16, 2003, a group of T & H Lemont employees successfully completed the course, **INTERNAL AUDITING: Mini-Audits for Maximum Results**. The course was conducted by John Novak, from KAVON International, Inc.

T&H Lemont, a division of *Inductotherm Industries* is a leading supplier of technologies and support services to the Tube, Pipe and Roll Form markets. Additionally, the company services other niche markets for tooling and for contract machining utilizing its unique skills and capabilities.

Prior to acquiring T&H Machine in 1999 the company was Thermatool Lemont. Thermatool Lemont was established in 1992 when Thermatool Corporation, and its parent company Inductotherm Corporation, acquired Lemont Engineering.
