With its highly experienced staff and over a half century of experience in the industry, Roll Kraft provides the highest quality products, services, and solutions to its customers.

Like so many global companies, **Roll-Kraft** has expanded their reach to every corner of the world. Today, the **Roll-Kraft** name can be found on tooling and mills in more than 50 countries. Along the way, they have expanded their product offerings and in 1999, acquired Ardcor, a well-known manufacturer of cold roll forming lines and equipment.
