Novi, Michigan 48377

The new internal auditors at Yorozu America Corporation

On October 11, 2003, a group of Yorozu America Corporation employees successfully completed a course on, *Internal Auditing For ISO/TS 16949* conducted by KAVON International, Inc.

Yorozu America Corporation is an automotive parts supplier that proposes and designs innovative new products capable of meeting the needs of customers worldwide with its advanced total system, which spans from development to the manufacturing of products.

Since its foundation, Yorozu Corporation has continued to expand as an automotive stamping parts manufacturer focusing on suspensions. Suspensions are a major safety device of vehicles, the production of which requires sophisticated technology. Today Yorozu's technology is recognized by the U.S. Big Three as well as by major automotive OEMs in Japan.

Yorozu is a global company with bases of operation in Mexico, South America, Europe, and Asia.

Yorozu is registered to the ISO/TS 16949 automotive quality standard.
