JOHN J. MCINTYRE SONS, INC.

514-516 Knorr Street
Philadelphia, Pennsylvania 19111

John J. McIntyre Sons, Inc. Plant

On December 17, 2002, **John J. McIntyre Sons, Inc.** received their ISO 17025 certification from NQA. Tom Fazekas, from KAVON International, Inc., served as the consultant on this project.

John J. McIntyre Sons, Inc. was founded in 1925 and has been in continuous operation under the control of the McIntyre Family ever since. The fourth generation is presently working in the business. They sell, service, and rent scales, weighing systems and force measuring devices.

John J. McIntyre Sons, Inc. kept pace with the Weighing Industry, when in the early 1970's there was a turn toward the use of electronic scales and weighing systems. Even today, in the age of the computer and Digital Weighing Systems, they still sell, service, and maintain parts for the old style Beam Balance and Dial type scales.

Congratulations go to all the people at **John J. McIntyre Sons, Inc.** for their diligent efforts to accomplish certification of their facility.

If your company is seeking registration to the ISO 9000:2000, ISO 16949, QS-9000, AS9100, ISO 17025, or ISO 14001 quality standards and need some assistance, give us a call at 888-637-9598.
