PMC GAGE, INC.

3900 Ben Hur Avenue
Willoughby, Ohio 44094

(l to r): Dave Maisch, Nick Bosworth, Mike Lafond, Jim Inman, Mike McWilliams, Colleen Pirschner, Karen Barker, Rich Inman, Frank Novak (KAVON President)

Congratulations are in order for PMC Gage, Inc., located in Willoughby, Ohio. On October 2, 2001 they received their certification to ISO 17025 from A2LA for technical competence in the field of **Calibration**. On November 14, 2001, Frank Novak (KAVON International President) presented the ISO 17025 flag to Nick Bosworth (President).

PMC Gage, Inc. is an independent corporation that was divested from PMC Industries in 1999. The entire product line of gages and instruments of the former company is the identical product line of the new organization.

All the gages produced by PMC Gage, Inc. meet or exceed the specifications established by the ASME, Government H-28 Handbook, and American Petroleum Institute (A.P.I.) and are used as the benchmark for calibration by the National Institute of Standards and Technology (NIST). PMC is a certified licensee that permits them to apply the A.P.I. Monogram logo to master gages. Special custom gages are built to meet customer's exacting inspection requirements.

If your company is seeking registration to the ISO 17025, ISO 9000, QS-9000, AS9000, or ISO 14000 quality standards and needs some assistance, give us a call at 888-637-9598.
